What to expect from the SAS 2022 Conference!

Web App & Mobile App

First thing on March 30th, a button will appear on the SAS Conference webpage to access the Whova Conference platform. *The platform recommends using Chrome as your browser.* If you have used Whova before as a mobile app or virtual app, please login with your existing email and password. If you have never used Whova before or used it with a different email address, please click on “sign up here” as itemized in the screenshot.

Please be sure to use the email address you used to register for the SAS Conference.

You can also download the Whova App on your phone or tablet using the App Store.
Main Conference Lobby

Once you have logged in, you will first see the home page of the SAS 2022 Conference. From this space you can click on the various areas in the menu on the left to access sections of the conference.

Click on Agenda to see any sessions in the program.

Click on Attendees to view and message individuals directly.

Click on Community to enter chat spaces with other attendees.

Click on Sponsors to view and engage with the organizations supporting SAS this year.

Click on Agenda, then Posters, to view all the SAS 2022 Poster Presentations.

Click on Messages to view your personal messages within the platform.

Please scroll down to find out more information on the various virtual spaces.
Agenda

Within Agenda, you can scroll through each day and see the full program. As of March 30th, you can access all virtual Posters, attendee list and chat spaces to engage with other attendees. Please note the times listed once you have logged into the platform will reflect the time zone you are in or the time zone of the Conference (EDT) – just click the Switch to local time button at the top of the page. All presentation sessions are being presented LIVE available at that time only (with a recording to come later for on-demand watching).

To access a session, you navigate to Agenda, the day and scroll to the session you want. Ahead of any session, you can review the schedule and select those sessions you wish to add to your personal agenda allowing you to highlight the parts of the program that are most important to you.
Inside a Session

Once you select View Session to enter and watch the live presentation, you will find an embedded screen of the Zoom webinar/meeting. You can interact with other attendees in the Chat function as well as with speakers using the Session Q&A function on the right of the screen.
Inside a Zoom Session

Most sessions are offered as Webinars, where attendees can interact via chat, Q&A, but not with audio or video (unless you request so by raising your hand). If the live session is set up as a Zoom Meeting, Whova will ask for your permission to share your video and audio through their application to Zoom for your full participation, this is typically used for more interactive sessions like Methods. There is no need to login separately to Zoom unless you are an official presenter/speaker or moderator for the live session. Please note: You will submit questions for the session Q&A and use the chat box on the right of your screen.
Attendees

You can view all attendees, send messages, and view profiles here. You can search for attendees and chat with or request a 1:1 video call with a specific individual through this section. Please check your messages regularly throughout the conference.
Community

The community section allows for you to connect with others via chat spaces on specific topics, ideas or areas of interest. Create a new topic group, suggest a meet up, share photos & connect. This is also where you can ask organizers questions during the conference.
Posters

The Whova poster hall lists all 300+ posters presenting at the SAS 2022 Conference. Upon entering the poster hall, you will see the posters listed starting with a number. Those starting with a 1 are presenting in the Poster Session 1, those starting with 2 are presenting in Poster Session 2, and so on and so forth. While you can access all the poster information from March 30th, through the conference and for the 90 days on-demand to follow, during each Poster Session time we are offering a virtual live and interactive poster session in Gather.Town. Feel free to reach out to the poster presenters via direct message to follow up on anything of interest. We encourage you to engage with others as much as possible for the best experience.

If you wish to search for a specific keyword topic, click the drop-down box that says “All Categories” to view those posters grouped by one specific topic. You can also search for the presenter’s name, any word from the title of the poster or poster number in the provided search box.

![Posters page from the SAS 2022 Conference website]

If you wish to search for a specific keyword topic, click the drop-down box that says “All Categories” to view those posters grouped by one specific topic. You can also search for the presenter’s name, any word from the title of the poster or poster number in the provided search box.
Virtual Poster Booths

Once an attendee clicks on “Enter” attendees will be able to access the Whova poster booth.

If you scroll down within the booth, you will see the list of authors from the poster with their affiliations, the full abstract, as well as their poster PDF and any other uploads from that presenter.

You can also chat or leave messages with the poster presenter on the right-hand side.
**Gather.Town Live Poster Session**

Only registered attendees for the SAS 2022 Conference can access the Gather.Town session (using the email address used to register for this event).

*Please use Google Chrome to access Gather.Town*

Gather.Town is a video-calling experience designed to help people gather online. Create your avatar, use a video-calling interface and wander around a 2D style space with other attendees at SAS 2022. As you move around the webcam video and microphone audio of the other people in the room fades based on your distance to them. The image to the right is how the space is set up. You arrive at the bottom of the screen and can use your keyboard arrow keys to navigate around the space while stopping off to interact with others.

Used in parallel to the Whova Platform, this space is available to use throughout the conference. The Networking and Social Space is available through a door on the left-hand side. Salons and Preconference rooms are on the right-hand side. All Poster Rooms are located on the top row of the Main Lobby.

Once you are in a poster session, navigate up to the poster you’re looking for. You will then be able to press x and enter a private space to chat with the poster presenter. A PDF of their presentation or poster will then be available to view. This is an opportunity to engage more with other attendees in this great platform!

If you have any trouble with your audio or video in the Gather.Town platform, please check through this trouble shooting link - [https://support.gather.town/help/av-troubleshooting](https://support.gather.town/help/av-troubleshooting)
