

University of Pittsburgh T32 Postdoctoral Scholar
Cardiovascular Behavioral Medicine Research Training (T32HL007560)

Postdoctoral research fellowships available for MDs and PhDs in social, psychological, and behavioral aspects of cardiovascular health. Now entering its 41st year and recently renewed through 2028, it is one of the most longstanding cardiovascular behavioral medicine research training programs in the US. The program implements a mentor-based model that includes team-based collaborative mentoring, multidisciplinary training and research, and individualized didactics, with a focus on diversity, equity, and inclusion. Practical training in grant writing, research ethics, public speaking, and career development is included. Applications are being accepted for appointments to begin fall 2023.

Training faculty include: Rebecca Thurston (Director), Peter Gianaros (Co-Director), Howard Aizenstein, Emma Barinas-Mitchell, Cynthia Conklin, Kirk Erickson, Daniel Forman, Andrea Goldschmidt, Tamer Ibrahim, Karen Jakubowski, Thomas Kamarck, Christopher Kline, Michele Levine, Carissa Low, Jared Magnani, Stephen Manuck, Anna Marsland, Kathleen McTigue, Kenneth Perkins, Rebecca Reed, Bruce Rollman, Ann-Marie Rosland, and Elizabeth Venditti.

More information on the program and faculty can be found at www.cvbm.pitt.edu. Applicant must be a US citizen or have permanent resident status in accordance with NIH regulations for an NRSA fellowship award.

Please include statement of research interests and proposed goals for the fellowship; curriculum vitae; three letters of recommendation; and application form. Email applications to bandymb@upmc.edu. Applications accepted on a rolling basis but candidates are encouraged to apply now for strongest consideration.
